School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

SCHOOL OVERVIEW

Godfrey G. Berry Elementary is one of 11 schools in the South Bay Union School District. Berry currently serves approximately 440 students in kindergarten through sixth grade. It is located on 10 acres of land and has 34,389 sq. ft. of permanent and 7,000 sq. ft. of temporary classrooms.

Student support services include, but are not limited to: speech therapist; nurse; education specialist; psychologist; library; Instructional Resource Media Technician and STEM/Visual and Performing Arts program where students engage in weekly lessons in the arts and STEM. Additionally, Berry has implemented the use of 1 to 1 Chromebook devices in third grade through sixth grade, and twelve Chromebooks per class in kinder through second grade. Finally, every classroom is fitted with a Promethean interactive whiteboard system. Staff develop strategic plans for students who are significantly below grade/age expectations academically or socially/emotionally. The plans are developed with the families to assist in the student's growth. Teachers provide after school enrichment and intervention classes to provide additional supports. Finally, the school leverages its support staff to provide intensive academic intervention during the school day.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: September 2019

The South Bay Union School District sets a high priority on providing sufficient textbooks to support each school's instructional program. Adoptions are conducted on a six to eight year cycle by subject, in an effort to ensure textbooks are always current. All adopted textbooks and instructional material programs meet state standards and have been adopted by the State Board of Education and South Bay Union governing board.

The availability of sufficient state-adopted and standards-aligned textbooks for each pupil, including English learners, for use in class and to take home are consistent with the content and cycles of the curriculum frameworks adopted by the California State Board of Education in all core curriculum areas.

The following information is current as of September 2019

Subject	Textbooks and Other Instructional Materials/year of Adoption	From Most Recent Adoption?	Percent Students Lacking Own Assigned Copy

School Facility Conditions and Planned Improvements (Most Recent Year)

District Maintenance and Custodial staff take great care in ensuring that all schools are clean, safe, and functional. Lawns are mowed on Saturdays in an effort to minimize any classroom disturbances. Cleaning schedules are developed by the Principal and the Facilities Director to guarantee daily cleaning of campus. Restroom facilities are inspected three times a day by the Head Custodian to ensure they are fully stocked and in full working order. Any needed repairs are addressed in a timely manner. Copies of inspections are available at the school and facilities offices.

Staff regularly engage in emergency preparedness drills. The emergency procedures are reviewed on a regular basis beginning with a discussion during the initial staff meeting on July 16, 2019. The Head Custodian also performs a safety inspection on a monthly basis. The monthly report is submitted to the facilities office. Regular and preventative maintenance is ongoing. The district employs a computerized online work order system for efficiency and better record keeping.

Security is bolstered by the presence of a security resident who lives on the property and inspects the property during nights and weekends to prevent vandalism and theft. In addition, surveillance cameras are located throughout the campus.

As per Education Code, the district is required to include in this document, a description of any needed maintenance to ensure good repair as specified in statute. "Good Repair" means the facility is maintained in a manner that assures that it is clean, safe, and functional as determined pursuant to a Facilities Inspection Tool (FIT) developed by the State of California Office of Public School Construction (OPSC). The FIT will evaluate the conditions at a school site with ratings of "good," "fair," or "poor." The FIT also provides an overall summary of the conditions at each school on a scale of "exemplary," "good," "fair," or "poor." The instrument shall not require capital enhancements beyond the standards to which the facility was designed and constructed.

OVERALL SUMMARY OF SCHOOL FACILITY GOOD REPAIR STATUS

At the time of the above inspection on August 13, 2019, the average ranking for Berry Elementary was 99.58%, giving the school a rating of "Exemplary," The rating is determined by the average of the 15 categories addressed. Below are the percentages, descriptions, and ratings, as per the Facilities Inspection Tool (FIT).

Please note that all needed repairs or deficiencies identified in the August FIT report have been completed and/or resolved.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: 08/13/2019

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	15	18	29	30	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Berry Elementary welcomes participation and support from parents and community members. In addition, we engage parents and students with various family events that include, but are not limited to: Back to School Event, Positive Parenting Program, Feeding America food pantry, San Ysidro Health Center mobile clinic, South Bay Community Services, PTA and ELAC meetings, Jose Montañó Foundation fundraiser, Junior Olympics, Fall Festival, parent literacy training, and more. Our Community Volunteer Coordinator is our contact person for parent & community volunteers and works in conjunction with PTA and ELAC. She actively recruits and trains parent and community volunteers and provides site and community resources to support at-risk families and schedules and organizes parent workshops. The Principal also conducts School Site Council, English Learner Advisory Committee, and Title I meetings on various topics related to the school's goals and programs. For information on opportunities for school involvement, please contact the school Community Volunteer Coordinator at (619) 628-3550.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

South Bay Union School District has developed a Crisis Response Box for each of its school sites. Each box contains a comprehensive Emergency Procedural Guidelines binder specific to each site. The binder includes state required disaster procedures such as, but not limited to, bomb threat, earthquake, fire, medical emergency, missing student, and shootings. Evacuation maps, evacuation sites, key phone numbers, district/site communication plan, are just a few of the elements included within the plan. School staff reviewed plan on September 4, 2019. School sites conduct various types of drills on a regular basis throughout the year and record the exercise on the Emergency Drills Record form, which is submitted to the district office each December.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	10	14	14

The primary focus of the professional development is in the areas of reading, writing, math and technology. Currently we are implementing the Teacher College Reading and Writing project Units of Study in reading and writing with the goal of creating proficient readers. In addition, Berry Elementary continues to be an affiliate school for the Teachers College Reading and Writing Project (TCRWP) through Columbia University. Along with on-going support our teachers will receive a week of professional development from the staff developer of TCRWP. The South Bay Union School District academic calendar includes 35 minimum days (early release Wednesdays) that are dedicated to grade level professional learning communities or staff meetings. In addition, teachers at all school sites receive a weekly prep hour to develop and design rigorous and relevant lesson plans. Professional Learning Communities (PLC's) are at the heart of all staff development, ensuring a deeper implementation of effective instructional strategies, driven by student achievement data. During the implementation of the professional development teachers are supported through in-class coaching, instructional rounds, teacher progress monitoring and by analyzing student data.
